

Rev. 09/16/10

Nine LCD display options are available on the BAPI-Stat 2 and BAPI-Stat 4 room units if you select the “Override as a Latching Switch” (-L) option from the ordering grid. The chart at right shows the nine options and what the LCD will display when the latching relay is open and what the LCD will display when the latching relay is closed.

Note: If one of the “Fan Speed/ Mode Options” is selected from the ordering grid, then you must use the latching display option 9.

| Option | Relay Open | Relay Closed |
|--------|------------|--------------|
| 1 | | |
| 2 | | |
| 3 | | |
| 4 | | |
| 5 | | |
| 6 | | |
| 7 | | |
| 8 | | |
| 9 | | |
